Dear Grade 8 and 9 Ball Academy Families,

I am writing to inform you that St. Joseph High School has been granted a short term operational shift to at-home learning from January 25 - February 5 as a result of a high number of students and staff being impacted by COVID. This means that our students will not be able to travel to St. Joseph High School for their regular academy classes. In an effort to ensure that our students continue to receive high quality ball instruction, they will now remain at St. Thomas for the next two weeks and will receive their instruction through a combination of face to face and online curriculum delivery. Students will remain in their homeroom classes for lunch on Tuesdays and Thursdays and then will report to the Learning Commons during their regularly scheduled option time. Mrs. Chatwood will meet the students at the Learning Commons and will facilitate their programming in team with their lead instructor Mr. Chatwood. While this is not our preferred method of instruction, we are confident that this short term modification will enable our students to continue to access a high level of ball instruction.

Thank-you for your continued flexibility as we navigate our new reality. We will continue to communicate any new information as necessary.

God Bless,

Ian Stang
Principal
